

CARYN DSOUZA

FULL-STACK WEB DEVELOPER PROFESSIONAL SUMMARY

Self-motivated and curious, with a keen interest in Full Stack Web Development. Looking for a role in a product-based company with a challenging environment to help me enhance my skills and contribute towards the growth of the company.

PROJECTS

TRAVELGURU WEBSITE CLONE |

A website where travelers can book hotels/ homestays in the city and locality of their choice.

Features:

- Sign-in and Sign-up.
- Search functionality.
- Filter search results as per your preference.

Tech Stack: HTML | CSS | Javascript | Rest API | JSON

Areas of responsibility:

- Built the authentication functionality and integrated it with the frontend.
- Laid out the database schema and built the REST API for the same.
- Developed the Hotel Result page, filters and sorting functionality on the same.

A collaborative project built by a team of 4 executed in 5 days.

STARTENGINE WEBSITE CLONE |

A web application which bridges the gap between startups and investors by helping them to invest and find funding.

Features:

- Partner with StartEngine by filling a form.
- Display details of projects available.
- Payment page.

Tech Stack: HTML | CSS | Javascript

Areas of responsibility:

- Built the pages for 'Get funding'.
- Developed the 'About Us' page.
- Developed the form for interested startups to join the website.

A collaborative project built by a team of 3 executed in 5 days.
